- ACOG Grant Update:** We received an official email that we have received the ACOG grant in the full amount requested to be able to replace our fire hydrants
- Water Report:** We received a letter on a reporting violation. Our quarterly water testing has to be done on the last month of the quarter, we had done it on the second month of the quarter. As of this month, doing the test in December, we are back in compliance and moving forward, the testing will be done in the last month of the quarter.
- Wastewater Report:** Aerators are turned off for winter. Still running sprinklers during the day as needed. The electricians were out today to look at the lift station, a screw had come loose in the box. Our control panel is really out of date, he's not sure how much longer it will last. Will get quotes on upgrading it.
