- 
- Water Report:** Meters read, water testing done, annual testing needs to be done, will be working on the digital mapping
- Wastewater Report:** Working on the lagoons and the saplings, been running the pump as needed, pump probably needs an oil change, monitoring system has been installed at the lift station
- New Business:** We need to revisit the possibility of the construction fee for homes that are under construction in Town so they don't have to pay a full minimum billing. Maybe place a minimum usage on a construction rate and if over that then it would not be charge a construction rate. Discussed trash services.
